# PREFACE.

---

Mr. J. F. McCabe has been a collector for a number of years, buying at private and public sale. His entire collection is here offered, nothing withheld, all to be sold, and we hope collectors will send in their bids, and even if there are but a few lots that interest them, bid for them, as it encourages the sending of catalogues in the future—not receiving bids from collectors, we have to drop them from our mailing lists, as it is an expensive affair sending out these catalogues free. Collectors will avoid many errors if they will revise their lists before sending them in, and save trouble, too, if they will refrain from bidding 10c. on silver coins and medals which could be melted for about \$1. Such long lists of these worse than useless bids are received at every sale, and the amount secured does not warrant the entering and attending to them. Note that the coins are sold at so much each piece, no matter how many in the lot, and that no lot is separated, being sold as per the catalogue, except proof sets, which are sold per set.

All coins, medals or notes are guaranteed genuine and this holds good indefinitely.

We thank collectors for their support at our past sales, and hope they will favor us with even a greater lot of bids this time.

The coins are on exhibition at the auction rooms from 9 to 1 o'clock, day of sale, and at 2 o'clock, sale begins and progresses at the rate of 200 to 250 lots per hour.

Our charge for executing bids is 10 per cent. of the gross *amount purchased*. The auctioneers will execute bids free of commission, but assume no responsibility and require payment prior to shipment of the lots bought.

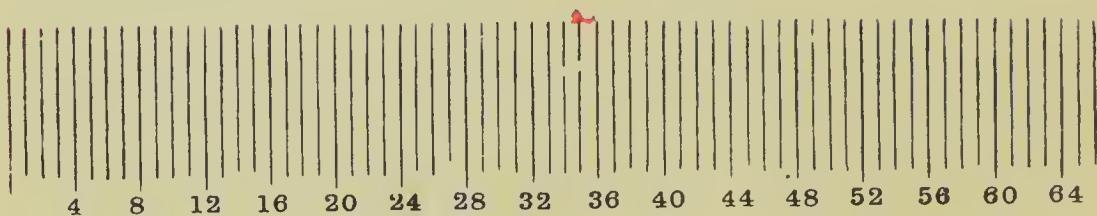

Priced catalogues, 50c. (remit in stamps), will be supplied after sale.
